State Talk From Nancy

“TOMORROW’S TRENDS... TODAY’S OPPORTUNITIES”

How is the Texas economy? Some contractors say it's much better and others say it's not so good. **Want to hear where we're headed and how the economy will look in the next year or two?** All you have to do is attend our 2010 PHCC Texas State Convention at The Woodlands Marriott Waterway June 24-26! Our keynote speaker, Jeff Thredgold, is an ECONOMIST and ENTERTAINER, which is very unique. His wealth of information and knowledge, combined with **humor, create a new experience for an “economic perspective.”** He is currently an economic consultant to Zions Bancorporation, which has banks in ten states. Jeff writes a weekly economic and financial newsletter, The Tea Leaf.

Understanding today's economic environment is more important than ever before. With a humorous and slightly irreverent style, Jeff guides audiences through the complexities of the U.S. and global economies and financial markets – as well as focusing on our plumbing and HVAC industries – helping to make sense of it all.

Following Jeff's exciting opening, the convention educational sessions will focus on great new marketing ideas, how to market with social media and residential and customer service ideas – something for everyone, no matter what age contractor you are. You will also enjoy a panel of residential and commercial contractors discussing how they **are profiting in today's economy.** Exhibitors will show their new products at our product tabletop exhibits, and you also will be able to visit with them at our welcome reception. If you have never attended a PHCC Texas state convention, you will find that it is a great opportunity to learn,

Continued...

to network and to enjoy time away from your business. You are welcome to bring your employees and your family for a short vacation at a beautiful hotel. There is lots to do in The Woodlands – so come enjoy combining business with pleasure! We look forward to seeing you in June!

PHCC TEXAS SCHEDULES NEW CODE TRAINING CLASSES

As of Feb. 1, 2010, apprentices who are taking the Tradesman or Journeyman license exam must have:

Tradesman: 8 hour code class, 10 hour OSHA training class and one 6 hour plumbing continuing education class.

Journeyman: 8 hour code class, 18 hour code class, 10 hour OSHA training class and two 6 hour plumbing continuing education classes.

The following code training classes are scheduled for the North Texas area:

8 hour code class:

May 7 (8 am – 5 pm) AGC TEXO Building

Presenter: Ken Pyland

Cost: \$120 members; \$150 non-members

18 hour code class:

June 3-4 (8 am – 6 pm) AGC TEXO Building

Presenter: Ken Pyland

Cost: \$235 members; \$290 non-members

To register for these classes, go to www.phcc-tx.org or call (800) 992-7422

GED Exam Preparation in Spanish

Preparación del Examen de GED en Español

20 sessions / 60 hours

COVERS ALL FIVE (5) SUBJECTS!

Tuesdays 10/20/09 – 04/06/10

(Winter Break 12/22 - 1/12)

Time: 5:00 PM – 8:00 PM

Tuition: \$300

Materials: TBA (approx. \$60)

Location: DFW Education Center

1401 N Royal Lane Irving 75063

This course is designed to help the participant gain a clear idea of what to expect and how to prepare for the General Educational Development (GED) examination. It is a guide to understanding the kinds of questions to expect on the 5 tests of the exam. The course is self-paced, so that attendees who study and prepare extensively will advance through the material at a rapid rate. There will also be ample time for participants who need more review of material.

Course objectives are to give the students a fair and reasonable explanation of testing procedures, scoring information and useful test-taking hints. There are 3 full-length practice tests that will give participants an understanding of what to expect in order to take the tests and pass the GED exam.

Non-Metallic Plumbing & Mechanical Systems Training

(Formerly Called: Working with PVC, CPVC, and PEX)

5 sessions - 20 hours

Pre-requisites: At least minimal experience in the mechanical industry, with exposure to pipes.

Using the correct solvent is crucial for correct installation and repair, when working with non-metallic materials. This course provides an in-depth look at non-metallic materials for plumbing, acid waste, and HVAC applications. Course includes hands-on training for those who work with various plastic materials and will cover PVC, Vorzan and FlowGuard CPVC, Polypropylene, PVDF, and PEX. Installation techniques including proper cutting and installation tools will be covered. Students who complete this course will receive a certificate, manufacturer training cards, along with Non-Metallic ASME Certification (B31.3). Class size limited to 20 students.

Wednesdays (*select one*)

2/3 - 3/3

4/7 - 5/5

4:00 PM - 8:00 PM

Cost: \$450 (includes materials)
