

The Fitting Connection

June 2010

Lead-Based Paint Renovation, Repair and Painting Program

After April 22, 2010 most work in pre-1978 housing and child occupied facilities must be:

- ◆ Performed by a lead-safe certified firm
- ◆ Supervised by a trained and certified renovator
- ◆ Use only trained workers
- ◆ Use specified lead-safe work practices

Paul Scoggins, Environmental Engineer/Project Officer Toxics Section, Multi-media, Planning and Permitting Division of the EPA Region 6 will be our speaker. He will be discussion and answering questions about the new law about Lead-Based Paint Renovation, Repair and Painting.

We will be presenting the check from the proceeds of the Golf **Tournament to Mary's House at this meeting.**

Please let us know if you plan to attend. The fax back page is on page 13. I will be having ankle surgery on June 4th. I will not be able to attend this meeting so please help Aggie out with letting her know if you will be there.

Thanks

Barbara
