State Talk From Nancy—August 2011

Fall 2011

As we enter this beautiful Fall season of football, foliage (even in Texas!) and holidays, we realize that 2012 will be here before we know it! Looking back, it has been a very eventful year for PHCC Texas!

President Barry Bankler and the PHCC Texas Board of Directors made membership growth a top priority. Currently, we have 85 new members! That is a record number for PHCC Texas! Congratulations to Barry and our whole Board for an amazing job! In addition, we have a brand new PHCC chapter! Welcome to Red River Valley PHCC in Wichita Falls! Thanks to Brian Walser (President), Alex Seward (VP) Danny Cozby, Joe Davis and others for organizing this great group of plumbing and HVAC contractors.

It is heartwarming to see the enthusiasm our members feel for this organization. They are not only professionals, but very involved in training their people and encouraging careers in our industry. Many of our members send their apprentices to apprenticeship training programs in many of our chapters. PHCC Texas has 100 apprentices participating in our state DOL apprenticeship program in Irving. We were very excited to receive a grant for this program this year, which means that the program is available at a very low cost to our members. What better way to show young people what a great future waits for them in the plumbing and HVAC industry? They can move from apprenticeship in the field all the way up to business ownership, if they desire! This is a profession that will always be in demand in our society and will always offer opportunities for advancement. As contractors, you are the BEST ambassadors for your industry - **perhaps you can speak at a career day or sponsor an apprentice's training.** Your enthusiasm will be contagious!

In addition to apprenticeship and other training, we were very busy this year with the Legislative Session. Thanks to your help and the skill of our wonderful, new lobby team (Dan Shelley, Jennifer Rodriguez and Marc Rodriguez) we were able to keep our independent plumbing board from being merged with the Texas Department of Licensing and Regulation. Speaking of our lobbyists, we also formed RPA (Responsible Political Action) to fund our lobby team. We invite you to be part of this important group!

We also held a very successful Texas Roundup in June with more than 125 attendees. The event included speakers, workshops, apprentice contest, great music and food. It was a one-day/one-night meeting and was packed with great information and networking. We plan to offer another one of these short meetings in the Dallas area next spring.

Have a great Fall and call us if we can be of help! PHCC Texas is here for you!

Message from the PHCC Texas President 2011-2012

As your new President, I want to thank you for being members of PHCC Texas, the largest and strongest state PHCC chapter in the country! It is an honor for me to be your President this year, and together we will continue to grow in strength and numbers.

I have owned Cove Plumbing in Copperas Cove since June 1982. My wife, Lori, and I have been married for 35 years and enjoy partnership in many businesses, ventures, and fun. Our son, Thad, works in our business as a Master Plumber and is married to Heather, a teacher. Our daughter Sheena Schmucker and husband Rob, are coaches and teachers in Alvord, Texas. They are the parents of Luke.

I love what I do and have always had a deep understanding of the importance of plumbing in this state and nation, protecting the health and welfare of the populace. Being a member of PHCC has always part of my professional life, and I sincerely want to keep this the strongest PHCC state association in the nation.

How can we do this? We need to grow our association on the local level. Let the non-members know that being a member of PHCC is the best way to become a better business person. Small businesses are what this nation is built on. More new members will make us stronger and give us more influence at the state capitol. Our new lobby team (as of this session) has done a great job, not only helping us, but keeping us informed. They are largely responsible for our huge legislative victory this session - keeping our plumbing board from being merged with TDLR. Our new legislative arm, Responsible Political Action (RPA) is the reason we have this lobby team. As a member RPA sponsor, your contributions will pay for this political representation. I urge you to step up to the plate and contribute to this necessary cause.

In addition to our strong legislative presence, we are very proud of our excellent training programs. In addition to our strong plumbing and HVAC continuing education training, we offer certification in medical gas, backflow, OSHA, code training, license prep classes, lead paint, and fire sprinkler endorsement training. What an awesome job we are also doing with our apprenticeship training program. Over 100 apprentices are enrolled in this 3-year old day training program in north Texas, and our employers are very pleased with the quality training for their apprentices. We also sponsor an annual apprentice contest each year, and our winners also take top honors in the national apprentice contest.

This year, I plan to focus on growing the new membership program started by this year's President, Barry Bankler. Under his direction, we established a new 4-tier dues structure, based on # of workforce in a company. Dues for small-medium companies were cut almost in half, making membership more affordable for these companies. We have added 58 new members as of May, 2011, and keep adding each week. I'd like to welcome our brand new chapter in Wichita Falls. We need more new chapters in our state, and I am confident there is nothing we can't do when we all work together!

As I travel around the state this year visiting our local chapters and events, I look forward to meeting as many of you as I can, and will be available for questions and assistance at any time.

We have a great staff in Buda and I know they can even make me look good!

Thank you for your great support of PHCC Texas!

Sincerely,

W.B. Maples

PHCC North Texas Chili Cook-Off October 20, 2011

Location: Dillard Associates

3145 National Circle

Garland, Texas

Set Up Time: 12 pm

Open to Public at 4:00 pm

Cost: \$50 per team & minimum 2 gallons Chili

RULES & GUIDELINES FOR CHILI COOKING TEAMS

- ▶ Traditional chili for this competition is defined as any kind of meat or combination of meats, cooked with chili peppers, spices and other ingredients.
- ▶ CHILI COOKED ON SITE—All chili will be cooked from scratch the day of the cook-off. All chili must be prepared in the open. We encourage propane cooking due to lack of electricity. (no cooking in motor homes, etc.)
- ▶ QUANTITY TO BE COOKED—since chili will be served to the public after judging, you must cook at least 2 gallons of chili.
- ▶ ONE CHILI PER TEAM—each team is responsible for preparing one pot of chili that can be judged and turning in one judging cup from that pot. No more than one judging sample can be taken from any one pot.
- ▶ MANDATORY cook meeting at 12:45 pm

EACH TEAM NEEDS TO SUPPLY THEIR OWN;

Cooking equipment & fuel

Cooking ingredients including meat, spices, etc.

Any condiments you think should be served with your chili.

Table and chairs for cooking and sitting. You generally will have 18' x 15' cooking & show space.

Tent if you want one.

Sign(s) to identify your team and team sponsor.

Props. Costume(s) and other gear if you want to enter showmanship as well

JUDGING CRITERIA

Turn in time for chili is 4:30 pm. No chili will be accepted after that time

Your chili will be blind judged on the following criteria:

AROMA—Chili should smell appetizing

CONSISTENCY—Chili should be a smooth combination of meat and gravy.

COLOR—Chili should look appetizing

TASTE—Chili should taste good.

AFTERTASTE—Chili should leave a pleasant taste after swallowing.

Each cup of chili will be scored on its own merits with a whole number from 1—10, 10 being the highest.

The PHCC North Texas Chili Committee will provide Paper/Styrofoam bowls, plastic eating utensils, napkins, for chili being served to the public. A Beverage Sponsor will supply water, soft drinks and adult beverage.

The public will vote on the Best Cook Site People's Choice Award. The winner will be awarded a trophy.

The Official Chili Judges will award the 1st Place Habanera; 2nd Place Jalapeno and 3rd place Chili Pepper award winners.

HAVE YOU BEEN THINKING ABOUT BECOMING TSBPE ENDORSED IN MEDICAL GAS INSTALLATION?

The PHCC Medical Gas Training course is a pre-requisite for testing by TSBPE. Irving is one of two PHCC Medical Gas Training hubs designed for individuals interested in properly installing medical gas systems to NFPA 99 code requirements. Students will learn the requirements for the installation of medical gas & Vacuum systems in health care facilities as well as dental offices. Students are required to successfully perform a vertical and horizontal braze on 1 1/2" copper pipe. Inspector applicants may take this course for 100 hours credit towards their requirements for testing by TSBPE.

Upon completion of the course, the student will schedule his/her medical gas licensing exam with the Texas State Board of Plumbing Examiners. ***Inspectors, Administrators, Managers, and Supervisors who require knowledge of the requirements and operational theory of Medical Gas Pipeline Systems will greatly benefit from this course as well!***

Medical Gas Certification • Fri: 5-9 pm & Sat/Sun 8 am-5 pm • Mbr \$375/Non-Mbr \$465
