### Rifle Raffle

PHCC North Texas is selling raffle tickets for a Weatherby VG 1 .270 Rifle. The drawing will be held at our Chili Cook Off. This will be just in time for hunting season!!! Tickets are \$10 each or 3 for \$25. If you would like some for yourself or to sell at your office just give us a call and we will mail them to you. You do not have to be present to win. Thank you to Winston Water Cooler for donating the Rifle.

### New at Lunch Meetings

We are trying something new at our regular lunch meetings at Brookhaven Country Club. We will have two table tops available for our Associate members. The cost is \$100 for the table top and a gift certificate that will be given to one of the Contractor Members who RSVP for the meeting and attends. We already have one table top sold if you want the other one for November let me know as soon as possible. We are taking reservations for next year also.

Winston Water Cooler & Mr Pricebook were the table tops in September. Tommy Thompson was the winner of the \$100 gift card donated by Winston Water Cooler.

## State Talk From Nancy—October 2011

### WHAT HAPPENED AT THE NATIONAL PHCC CONVENTION

The Good News First! PHCC Texas won the Chapter Excellence Award for the best state chapter, plus Best Magazine Award, Best Website Award and Best Convention Promotion Award!

We were also very proud of our two apprentices who competed in the National Apprentice Contest, Geoffrey Kennedy (TDIndustries, Houston) and Christopher Sproles (Central Texas Plumbing Solutions, Waco). Although they did not win, they did a great job representing us!

The Bad News! PHCC Texas was not able to pass the membership dues bylaws resolution, which would have restructured the National Dues to reflect the new dues structure in Texas. A 2/3 vote was required and it didn't happen. However, we are very encouraged by the number of states who have thanked us for opening the door for change at the national level. National has pledged to appoint a "Blue Ribbon Task Force" to develop new membership ideas. National was also able to pass a membership dues resolution which will help state and local chapters sign up new members at an introductory rate. New members would pay 50% of national dues the first year, 75% the second year and full price the third year. These members will not be able to vote in a national PHCC election until the third year, but will have all other benefits. Internet memberships will no longer be available.

PHCC Texas had a large group of members attending - approximately 45 people. The weather was a welcome break from Texas - cool, sunny and a little bit of rain. The Minneapolis Hilton was a wonderful hotel, situated in the middle of wonderful restaurants and access to an excellent train system (which took a lot of us to the Mall of the Americas!)

**Thanks to everyone who attended! Next year's meeting is scheduled for October 2-6, 2012 in Philadelphia, PA.**

## NEXT APPRENTICE I-A CLASS OCTOBER 17-20!

Are your technicians good or Great!

In this economy you must be great and have THE BEST technicians working for you to stand out and thrive!

The PHCC Texas Apprenticeship program is one of the best in the nation and the quality of training is outstanding. Your time as an employer and business owner is limited and you can't do all the training necessary to have the best in the business.

### Who should you send to the Apprenticeship Program?

- \* Technicians in the field
- \* New hires who need to be trained in the plumbing business
- \* Management staff who desire plumbing training knowledge.
- \* Department Of Labor (DOL) approved for government work

### Why does it matter?

Students who have gone through the program are confident, skilled, and motivated employees. They are excited about what they learned and what they can do! The enthusiasm is contagious and may catch on to the rest of your employees! They learn faster and retain more!

### Cost is important!

The apprenticeship program is an investment in your business, just like the equipment, tools, vehicles and software you buy for the business. It does cost but the dividends it pays are great!

### How does it work?

Your technician or apprentice will attend class for four ten-hour days once a quarter for a year of certification (160 hours a year.) The entire certification program is four years (640 hours.) The class will include both classroom and lab time. Enrolled students who apply for a Tradesman or Journeyman Plumbing license will be exempted from the plumbing board-required code and OSHA classes. **Apprentices will be eligible to apply for a Master's License one year after graduation from the apprentice program (with sufficient hours.)** We have partnered with the Construction Education Foundation in Irving (next to DFW Airport in Dallas.) Their state-of-the art facility is designed for classes in all the construction trades.

Location: Construction Education Foundation

1401 – A Royal Lane

DFW Airport, Tx 75261

Cost: \$600 tuition (four day class plus lunch)

\$ 95 books (each year)

\$150 maintenance fee (each year)

# PHCC North Texas Chili Cook-Off October 20, 2011

Location: Dillard Associates

3145 National Circle

Garland, Texas

Set Up Time: 12 pm

Open to Public at 4:00 pm

Cost: \$50 per team & minimum 2 gallons Chili

## RULES & GUIDELINES FOR CHILI COOKING TEAMS

- ▶ Traditional chili for this competition is defined as any kind of meat or combination of meats, cooked with chili peppers, spices and other ingredients.
- ▶ CHILI COOKED ON SITE—All chili will be cooked from scratch the day of the cook-off. All chili must be prepared in the open. We encourage propane cooking due to lack of electricity. (no cooking in motor homes, etc.)
- ▶ QUANTITY TO BE COOKED—since chili will be served to the public after judging, you must cook at least 2 gallons of chili.
- ▶ ONE CHILI PER TEAM—each team is responsible for preparing one pot of chili that can be judged and turning in one judging cup from that pot. No more than one judging sample can be taken from any one pot.
- ▶ MANDATORY cook meeting at 12:45 pm

EACH TEAM NEEDS TO SUPPLY THEIR OWN;

Cooking equipment & fuel

Cooking ingredients including meat, spices, etc.

Any condiments you think should be served with your chili.

**Table and chairs for cooking and sitting. You generally will have 18' x 15' cooking & show space.**

Tent if you want one.

Sign(s) to identify your team and team sponsor.

Props. Costume(s) and other gear if you want to enter showmanship as well

# JUDGING CRITERIA

Turn in time for chili is 4:30 pm. No chili will be accepted after that time

Your chili will be blind judged on the following criteria:

**AROMA**—Chili should smell appetizing

**CONSISTENCY**—Chili should be a smooth combination of meat and gravy.

**COLOR**—Chili should look appetizing

**TASTE**—Chili should taste good.

**AFTERTASTE**—Chili should leave a pleasant taste after swallowing.

Each cup of chili will be scored on its own merits with a whole number from 1—10, 10 being the highest.

The PHCC North Texas Chili Committee will provide Paper/Styrofoam bowls, plastic eating utensils, napkins, for chili being served to the public. A Beverage Sponsor will supply water, soft drinks and adult beverage.

**The public will vote on the Best Cook Site People's Choice Award. The winner will be awarded a trophy.**

The Official Chili Judges will award the 1st Place Habanera; 2nd Place Jalapeno and 3rd place Chili Pepper award winners.

### HAVE YOU BEEN THINKING ABOUT BECOMING TSBPE ENDORSED IN MEDICAL GAS INSTALLATION?

The PHCC Medical Gas Training course is a pre-requisite for testing by TSBPE. Irving is one of two PHCC Medical Gas Training hubs designed for individuals interested in properly installing medical gas systems to NFPA 99 code requirements. Students will learn the requirements for the installation of medical gas & Vacuum systems in health care facilities as well as dental offices. Students are required to successfully perform a vertical and horizontal braze on 1 1/2" copper pipe. Inspector applicants may take this course for 100 hours credit towards their requirements for testing by TSBPE.

Upon completion of the course, the student will schedule his/her medical gas licensing exam with the Texas State Board of Plumbing Examiners. \*\*\*Inspectors, Administrators, Managers, and Supervisors who require knowledge of the requirements and operational theory of Medical Gas Pipeline Systems will greatly benefit from this course as well!\*\*\*
