CODE of ETHICS for "Plumbing, Heating, Cooling Contractors"

- To consider our trade worthy as affording us distinct opportunities to serve society.
- To improve ourselves, increase our efficiency and enlarge our service, and by doing so attest our faith in the fundamental principles of life, that we profit most who serve best.
- To realize that we are businessmen and ambitious to succeed; but that we are first ethical men, and wish no success that is not founded on the highest justice and morality.
- To maintain the highest ethical standards of advertising, pricing, selling, installation and service guided by the principles of honesty and integrity.
- To promote the latest technological advances in the design, types and methods of installation of plumbing-heating-cooling systems; using equipment and materials complying with the standards recognized by this industry.
- To enter enthusiastically into the association work—to give us as well as take—and do our part in elevating the industry.
- To support all progressive moves that are being carried out along the lines of trade extension, standardization and sanitation.
- To conduct our affairs that others in our business will find it wise, profitable and conducive to happiness to emulate our example.
- To follow and execute our work in conformity with federal, state, county and city building, safety, energy and water conservation, fire and housing codes; and refusing to be a party to any action that violates these regulations.
- To promote conservation of water and energy to the public we serve through improved, adequate, safe, modern installation of energy efficient equipment.

Do you agree to abide by the above Code of Ethics of this association? (must check one) Yes No
